Launch IBM Cognos Watson :

The screenshot shows a web browser window displaying the IBM Cognos Analytics with Watson interface. The browser's address bar shows the URL `us3.ca.analytics.ibm.com/bi/?perspective=home`. The page header includes the text "IBM Cognos Analytics with Watson" and a search bar labeled "Search content".

The main content area features a large dark blue banner with the text "Hello. Welcome to Cognos Analytics with Watson." Below this, a sub-header reads: "You can get started right away by taking a look at our introduction video, product tour and Getting Started tab." Two buttons are present: "Watch video" and "Take a product tour". To the right of the text is a 3D isometric illustration of blue cubes and server racks.

Below the banner is a "Quick launch" section with four tiles: "Upload data", "Prepare data", "Exploration", and "Present data". Each tile contains an icon representing its function.

The Windows taskbar at the bottom shows the search bar "Type here to search", several application icons (including Edge, File Explorer, and Word), and system information: "26°C Cloudy", "ENG", and the date "20-11-2022".
